

Scottish Federation of Anarchists
Glasgow Anarchist Group
PO Box 1008, G42 8AA

Latha math, companach

Welcome to the first mailout of the Scottish Federation of Anarchists (SFA). The federation has had two conferences in Edinburgh. At the last one we elected a national secretary (yours truly) and agreed to organise for various events coming up in the next month (details included below). Included in this mailout are suggestions for aims and principles for the SFA for discussion before the next conference (date to be decided upon after 10th Sept. demo), Scottish Anarchist Newsheet, two leaflets from Dundee Class War and minutes of the last conference.

There will be a mailout before the next conference (in Nov.), so send suggestions for an agenda (which will include deciding SFA "aims and principles") so that they may be included. If you want anything to be placed in the next mailout then send it to me, c/o the Glasgow Group

gaol agus sith,
Iain
